
JACLPlus has been installed UNSUCCESSFULLY

Posted by DaveNL - 2008/09/23 18:19

Hey there

I have a fresh installed version of Joomla 1.0.15 and i have JACLPlus 1.0.15a installed, installation goed smootly but after a while when i want to use JACLPlus i get this message

JACLPlus has been installed UNSUCCESSFULLY

Anyone knows how i can fix this please

Thanks

Dave.
